Thanks Valmichael; do you have any info on the passive samples – pic, description, maybe web link?

Thanks,

Gary Miller

Bill and Brandi,

I just finished attending a site briefing for my director Carl Edlund with the RPM Gary Miller for the Donna Site. Not only does the RPM think we need the dive team to support for the remedial work by setting up some passive samplers around the waste pits, so does Carl!

9672425

Gary would like to schedule a call with R6 Dive Team leadership soon to discuss this collaboration.
Please advise us of your availability.

Sincerely,

Valmichael Leos
